[14 TIA/EIA related documents](#)  
[15 IMSIs](#)

**SCOPE**  
 IFAST is an open, international technical forum with the voluntary participation of wireless service providers, interested vendors, and associations that provide intersystem operations implementing the Advanced Mobile Phone Service (ANSI-41) family of standards, (e.g., EIA/TIA 553, IS-95, IS-136, IS-91).

**MISSION**  
 Facilitate the identification and resolution of technical issues to enable the international interoperability of systems using the ANSI-41 family of standards resulting in the steady migration toward seamless service.

**INTERNATIONAL ROAMING MIN (IRM)**  
 IFAST is now allocating the IRM resource. The format of this MIN is 0-XXX-XXXXXX or 1-XXX-XXXXXX and has been determined to be a temporary solution to international roaming.  
[IRM Assignment Guidelines and Procedures](#)  
[IRM Allocation Table](#)  
[IRM Application and Payment Form](#)

**SYSTEM IDENTIFICATION NUMBER (SID)**  
 IFAST has been allocating SID ranges since November 1997. Prior to that, SID ranges were allocated by TIA subcommittee TR-45.2.  
[SID Assignment Guidelines and Procedures](#)  
[SID Allocation Table and Conflicts](#)

**PARTICIPANTS**  
 IFAST has the participation of more than 109 organizations (wireless service suppliers, network operators, equipment suppliers, government organizations, consultants, industry associations, etc.) from 37 countries:  
 Argentina, Brazil, Canada, Colombia, Chile, France, Israel, Japan, Kazakhstan, Korea, Malaysia, Mexico, Paraguay, Peru, Philippines, Russia, Taiwan, United Kingdom, United States, Venezuela, etc.
